WHITE WAY ALMOST CERTAIN FOR CITY

Council Takes Progressive View Of Question And It's Now Up To Public Spirited Citizens

If the public spirited citizens of Richmond will put their shoulder to the wheel once more and raise the insignificant sum of \$1,500, the White Way is assured. This was decided at the regular meeting of the City Council Thursday night when the councilmen voted to supply any deficit over that sum which may be needed to make up the \$75,000 which is estimated that the cost of such improvement will be to the people of Richmond. The Kentucky Utilities Company has very generously given \$2,000 toward the cost of construction and will install the system on long time method of payment of whatever sum may remain to be paid by the city after the public subscription has reached \$5,000.

A number of citizens spoke before the council and urged that Richmond should not neglect such an opportunity to make the work of its street paving complete. They declared that to pave the business streets and leave the unsightly poles, wires and antiquated lights would be a disgrace, and that Richmond should make a complete work of the improvement while she was at it. The councilmen took a broad and liberal view of the situation, and agreed to provide what may be necessary, over the \$5,000 subscriptions which must be put up by the business men and citizens who will be directly benefitted. Already \$6,500 has been subscribed, and a committee composed of Councilman Terrill, Mershon, and Messrs. M. C. Kelley and S. M. Saufley was named to close up the subscription at one and take up with the Kentucky Utilities Company the contract question and other details.

The session of the city fathers was one of the longest held in some time. All members were present except Mr. O. B. Powell.

Street Commissioner Allman's report showed \$1,165.35 paid for labor and teams during April. City Collector Dykes reported \$174.78 collected during the past month. Chief of Police Claude Devore had his check attached to his report of \$114 collected in fines in April.

The report of City Engineer Cerecarius showed \$5,170.37 due the John B. McLane Company for its sewer work in April, making the amount spent to date on the new sewerage system, \$39,644.87.

In response to a request from Dr. R. L. Telford, the council voted \$260 for the Associated Charities, to buy coal and groceries for the needy.

Upon request of Councilman Terrill the council ordered a telephone pole removed from immediately in front of the ice cream factory being erected by Emil Lohrisch.

Councilman O'Neil and Mershon were appointed a committee to look into complaint by Jesse Hawkins that water is running down on his property on Fifth street, and reported on the advisability of selling Mr. Hawkins about 10 feet so that the nuisance can be remedied.

Councilman Golden brought up the matter of the trees at the corner of Main and Collins street. He also reported a bad mule hole on Estill avenue near the residence of Mr. Azbill. It was reported that it may be necessary to raise the sidewalk to overcome the trouble.

Councilman O'Neil said that a number of bad pavements in town had been ordered repaired but that the property owners had not obeyed previous orders. The Chief of Police will again notify them if they do not comply, the city will do the work at their expense. A low sidewalk near the home of Mr. M. H. Wells on Smith-Ballard street was discussed, and Mr. O'Neil said that there is a duck pond also in front of Mr. Golden's business place on Main street. Upon recommendation of Mr. Terrill, the City Engineer was reported to investigate the grades etc., and ascertain who is at fault, and recommend who be required to pay the expense of making repairs necessary.

After auditing and paying the bills the council granted building permits to R. W. Nelson for a \$1,000 dwelling to Hallie Irvine street and to T. E. Million to repair a house on Hill street.

Messrs. Willis Kennedy, S. A. D. Jones and Lewis Weisenburgh were appointed city tax supervisors for this year, by unanimous vote.

Emmett Embry, colored, requested that something be done if possible to give sewer connection to the colored section and especially to the new colored Baptist church. Mayor Evans

said that the city had been unable to carry out its program because of the greatly increased cost of materials and had been forced to eliminate many other sections of the city also from the original plans. He said that at present, with the greatly increased costs of everything, sewers could only be laid under the permanent streets, but he hoped that later other sections could be helped.

After discussion of the White Way and endorsement of the plan by the council, Judge J. J. Greenleaf suggested that Richmond again take up the question of securing state-aid funds for work that is done on the city streets, on those highways that are part of the inter-county seat system. He said he believed that Richmond had lost \$150,000 in the last several years by not pushing this matter through. City Engineer Cerecarius and City Attorney J. P. Cheneau were appointed a committee to take the city's street improvement plans to Frankfort, confer with State Road Commissioner Joe S. Boggs and make formal application for state funds for the street work. It is believed and hoped that Richmond may be able to secure quite a sum eventually to supplement the money being spent on the streets by the citizens.

City health Officer Dr. J. G. Bosley reported a new sewer on Fourth street having been completed and now working from the properties of Messrs. Stone, Sant Bush, and Judge Turpin. He also reported overflowing cesspools on Collins streets, and the necessity for a sewer at that point. This referred to the sewer committee. The question of hogs within the city limits was also brought up by Dr. Bosley, and after much discussion it seemed to be agreed that this was a matter where each hog must "stand on its own bottom" and the conditions in connection with its range, etc.

Judge J. C. Cheneau, of the City Board, then brought up the necessity for more money for the city schools, to take care of increased salaries and expenses in improving the old Madison Institute property. He said that a tentative budget drawn up by the school board for \$49,500. Of this about \$12,500 is asked for building and repairs. The board did not state the tax levy that it asked but Judge Cheneau said that it felt the people should know what the school board is up against. He said the members of the school board had to bear the sole responsibility for the additional funds needed inasmuch as the law gives it the power to demand and receive from the council the money it needs. He said work of a school trustee is often unpleasant, that it carries no remuneration in a financial way and the members of the board here are working to keep expenses to the minimum but do desire to see the school children of Richmond properly taken care of. The budget will be submitted in detail before the June meeting of the council when the tax levy is fixed said John Noland, of the board. Mayor Evans called attention of the school board members to the fact that the city can only allow a 7% tax to carry on all its work, pay all salaries and running expenses. Mr. Noland said that no fourth class city in the state can support its schools on a 5% rate; that the new law permits a rate as high as \$1.50, but that the local board has no intention of going anywhere near that figure.

Mayor Evans appointed Messrs. O'Neil and Terrill a committee to draft the next license ordinance, and council then adjourned.

The report of City Engineer Cerecarius showed \$5,170.37 due the John B. McLane Company for its sewer work in April, making the amount spent to date on the new sewerage system, \$39,644.87.

In response to a request from Dr. R. L. Telford, the council voted \$260 for the Associated Charities, to buy coal and groceries for the needy.

Upon request of Councilman Terrill the council ordered a telephone pole removed from immediately in front of the ice cream factory being erected by Emil Lohrisch.

Councilman O'Neil and Mershon were appointed a committee to look into complaint by Jesse Hawkins that water is running down on his property on Fifth street, and reported on the advisability of selling Mr. Hawkins about 10 feet so that the nuisance can be remedied.

Councilman Golden brought up the matter of the trees at the corner of Main and Collins street. He also reported a bad mule hole on Estill avenue near the residence of Mr. Azbill. It was reported that it may be necessary to raise the sidewalk to overcome the trouble.

Councilman O'Neil said that a number of bad pavements in town had been ordered repaired but that the property owners had not obeyed previous orders. The Chief of Police will again notify them if they do not comply, the city will do the work at their expense. A low sidewalk near the home of Mr. M. H. Wells on Smith-Ballard street was discussed, and Mr. O'Neil said that there is a duck pond also in front of Mr. Golden's business place on Main street. Upon recommendation of Mr. Terrill, the City Engineer was reported to investigate the grades etc., and ascertain who is at fault, and recommend who be required to pay the expense of making repairs necessary.

After auditing and paying the bills the council granted building permits to R. W. Nelson for a \$1,000 dwelling to Hallie Irvine street and to T. E. Million to repair a house on Hill street.

Messrs. Willis Kennedy, S. A. D. Jones and Lewis Weisenburgh were appointed city tax supervisors for this year, by unanimous vote.

Emmett Embry, colored, requested that something be done if possible to give sewer connection to the colored section and especially to the new colored Baptist church. Mayor Evans

CIRCUIT COURT CRIMINAL CASES

Docket To Be Cleared Friday And Civil Cases Will Be Taken Up

When Judge W. R. Shackelford got things to moving along Thursday in the Madison county circuit court, there was a good grist of work reported when for closing court arrived late in the afternoon. With two exceptions the jurors found all defendants guilty. The manner in which the work is progressing indicates that the criminal docket will be cleared some time Friday, when Judge Shackelford states he will turn directly to the civil cases, which will be given consideration.

The first case heard was that of the state vs Ras McHone indicted by the grand jury for having set fire to a school house near Red Lick.

Upon recommendation, McHone was allowed to go, the case having been filed away, pending future behavior.

Isiah and Lloyd Webb, charged with assault upon Sheriff Whitlock and deputies, S. P. Bush and W. A. Johnson, entered a plea of not guilty which was sustained. Stanley Rogers, charged with the theft of chickens, was the recipient of a term of two years in state prison on a charge of larceny. It is claimed that without the knowledge or consent of the owner, the aforesaid Rogers made a nocturnal visit to a certain henry where he possessed himself of a number of choice "fowl" specimens and made off with them. Rogers had but little to say regarding the transaction; neither did the jurors just "two years."

Clayton Blakeman has not as much confidence as usual in the honesty of one Willard Whitaker. The latter, who was charged with having carnal knowledge of a young girl, successfully sought Mr. Blakeman to go on his bond after his arrest, which bond was \$300. It is to be exact, before the case came up for hearing, Whitaker is said to have departed, unceremoniously, with the result that judgment was passed on the forfeited bond.

Wind Walker, charged with grand larceny, is a defendant in the last of the criminal list. Walker is said to have purloined a diamond ring from Mrs. W. L. Crutcher. He claims he bought the ring and this will be his defense when the case is called for trial. He was acquitted.

Circuit court clerk James Waggers is one of the busiest men and despite the rapidity with which the cases are handled and the names of the jurors sought, he has the record ready. He is an adept when it comes to copying and recording, and is some speed artist.

Deputy sheriff James Taylor made a late trip last night to Valley View where he sought witnesses for a number of cases today. He said that it "literally poured" and that he was wet from head to foot before his arrival home at midnight.

County prosecutor O. P. Jackson came in town Friday morning wearing a new pair of overalls. He said that he was a charter member of the Overall Club and that he liked them. "I was elected in overalls once," he said.

PROMINENT VISITORS HERE

Col. W. V. Richardson and Mayor W. O. McIntyre, of Danville, were in Richmond for several hours Wednesday, inspecting the Daily Register's new press and building. They are editors and publishers of the Danville Daily Advocate and are preparing to install a Duplex press of the same pattern as that which prints the Daily Register. Both are hustlers and among the best known newspapermen in the state. Col. Richardson was private secretary to Senator Ollie M. James during his life-time.

CLOSING DAY OF CONVOCATIONAL MEET

Gov. Morrow and Other Notables On Program On Thursday Afternoon

The program for the last day of the convocation meeting at the State Normal, is being followed out, and there will be placed on record at its close Friday night, one of the most interesting and important meeting in the history of the organization.

The program on Thursday night, following the impressive flag raising service earlier in the afternoon by Governor Morrow and others, was intensely interesting. The feature was an address by W. H. Stout, of Indianapolis, of the Lyceum Chautauqua of that city, who spoke upon various subjects relative to his broad experience in this and high school work. It has proved to be one of the most instructive and interesting speakers during the week.

The flag raising service was impressive, Governor Morrow admitting that he was partial to the Eastern Kentucky district, since he was considered one of its integral parts, being a resident of the district, and admitted that he was glad he was. There were sailors, soldiers, and marines in uniform standing about the flag when it was unfurled, and he service was such as to cause those present to witness a most imposing ceremony. Governor Morrow spoke of patriotism in a masterly manner; he advocated the work the work being accomplished at the school and complimented the instructors and all concerned. He gave his assurance of assisting with additional legislation dealing with the progress being made in the educational work.

W. K. Grinstead, at the head of the foreign language department, delivered the dedicatory address and spoke of the planting of the flag or the very ground upon which the battle of Richmond was fought. He also spoke of the 250 young men who answered the country's call during the late war and of the failure of nine to return. America was sung, then Star Spangled Banner, and this marked the close of the service which will long be remembered by those fortunate enough to be present.

BUFFALO

Mrs. Dick Cobb, of Danville is visiting her mother Mrs. Jake White; Mrs. G. W. Stokley and grandson Georgia O'Donnell have returned home after several days visit with relatives in Versailles.

Mr. Charles Cox, of Danville, visited his daughter, Mrs. Joe Mize and family Saturday and Sunday.

Mrs. Col. Hale and daughters, Ezzie and Maude visited Mr. and Mrs. Jess E. Hale Wednesday.

Mrs. Wm. Cole visited Mrs. Hallie O'Donnell, of Million Wednesday.

Uncle Joe Is 84

(By Associated Press)

Washington, May 7—Former Speaker of the House of Representatives Joseph G. Cannon, is 84 years old today. House members gave him an ovation when Republican Leader Mondell announced it was "Uncle Joe's" anniversary.

Deputy sheriff James Taylor made a late trip last night to Valley View where he sought witnesses for a number of cases today. He said that it "literally poured" and that he was wet from head to foot before his arrival home at midnight.

County prosecutor O. P. Jackson came in town Friday morning wearing a new pair of overalls. He said that he was a charter member of the Overall Club and that he liked them. "I was elected in overalls once," he said.

FOURTEEN PRETTY LITTLE SCHOOL GIRLS

All Disappointed At Failure To Get Examination For High School Diploma

Fourteen pretty little school girls from Kirksville who had fond visions of being passed from the Eighth grade to the high school today, assembled early Friday morning, ready for the examination the result of which was to mean so much to them, and all were keenly disappointed upon learning that the examination had been postponed for one week.

This is the largest number from this school reported to be ready for the advancement, at one time for a number of years. All of the eligible were girls, and they braved the rain, with copy books, eager to do their best in order to gain the coveted promotion.

"They are all as good as they are pretty," said the admiring teacher who was also present, "and I think they will all pass without a hitch."

The examination, which was to have been held today and tomorrow, was postponed one week.

Those who were present to take the examination were: Misses Verna Ross, Lydia Hagan, Ellen Cox, Jane Long, Julia Palmer, Betty Curtis, Mary Arbuckle, Minna Duerson, Cecil Long, Elma Turner, Anna Mae Parish, Louise Wagers, Marie Cotton, Jessie Cotton.

SALVATION ARMY FUND MOVEMENT

There was a meeting Thursday night at Lexington of those in charge of the Salvation Army Fund movement at which plans were made for the distribution of quotas for the various sections of the state and Richmond was included. The work was supervised by Miss Sylvan Swartzell, who was in this city a few days ago planning the preliminary work.

It is the intention to have the operation move steadily forward and to all appearances the drive from May 10 to 20, will result in a big fund being raised. Richmond people are interested in the local work and the organization work, which was taken up last Sunday night, will receive an impetus with the receiving of the quota for this city and county. This will be forthcoming within a short time. In the meantime, the local teams will continue their work untiringly in an effort to have the task as well underway as possible before the time for the start of the drive. This will not only represent the city of Richmond but the Madison county as well. Herefore the city and county have responded liberally and the same results are expected this drive.

Uncle Joe Is 84

(By Associated Press)

Chicago, May 7—A letter to her friend, Dr. Ben Reitman, made public today from Emma Goldman, deported on the Soviet art Buford, says she is homesick for America. The letter, dated at Moscow, says "If I could hear from those dear to me I left behind, exile would not be so difficult."

Corner On Paper Alleged

(By Associated Press)

Washington, May 7—Courtland Smith, of New York, president of the American Press Association, before the Senate committee investigating the paper shortage, today charged that print paper manufacturers were in a conspiracy to regulate both production and prices and charged that a "corner" existed.

Call For Bank Statements

(By Associated Press)

Washington, May 7—The Comptroller of Currency today issued a call for the condition of all national banks at the close of business on May 4th.

Paper From Cotton Stalks.

Hardly a day passes that one does not read of newspapers which have been forced to reduce the number of pages or the amount of their advertising space or the size of their headings on the account of the paper shortage. Magazines, similarly embarrassed, are resorting to such expedients among others. As the principal cause of the paper shortage is found in the disappearance of the forests from which the pine wood is obtained, and as much as it takes years to grow trees, the outlook is not bright for an abundant supply of paper in the near future. There comes from a little town in Missouri, however, a cheering message which holds hope of relief. It is to the effect that experiments made there in the manufacture of paper from cotton stalks have been successful.

LIKE NEW MAN AFTER MAKING 28-POUND GAIN

Remarkable And Convincing
Story Of Triton's Restorative
Powers Told By
Mr. Lee

Louisville, Ky., May 6—"I'll swear by Triton and I never expect to be without it again." And why should't I? After I had spent hundreds of dollars for other medicines, one bottle of Triton did me as much good as all the rest put together. It placed my system in perfect condition and I've gained twenty-eight pounds in the bargain." In his own words, the foregoing is what Triton, the Perfec-Tonic has done for Harry Lee, an employee of the Seelbach hotel, who lives at 1661 Gallagher street, Louisville.

"Stomach trouble together with the after-effects of an attack of pneumonia caused a general breakdown in my health," he continued. "I became constipated and suffered headaches. My appetite was very poor, it seemed I never wanted anything but a cup of coffee. I didn't sleep well at night."

"Well sir, I weighed only 130 pounds when I began using Triton but today I tip the scales at 158—a gain of 28 pounds. And I feel just like a new man, too. My constipation has been relieved. I haven't had a headache for weeks and my former nervousness is a thing of the past. And my appetite—well, I eat more than my income will stand. I'm full of life now, enjoy my work and I know I'm in perfect physical condition. My father-in-law and my thirteen-year-old son also took Triton and it helped them greatly. My boy is strong and healthy and gaining weight now."

Triton is sold in Richmond at the Richmond Drug Company. It

EXAMINATION FOR RURAL ROUTE MEN

The United States Civil Commission has announced an examination for the County of Madison, to be held at Richmond, Ky., June 12, to fill the position of rural carrier at Berea, Ky., and vacancies that may later occur on rural routes from other post offices in the above-mentioned county. The examination will be open only to citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. Both men and women, of qualified, may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles. Women will not be considered for rural carrier appointment unless they are widows of U. S. soldiers, sailors, or marines, or the wives U. S. soldiers, sailors, or marines who are physically disqualified for examination by reason of injuries received in the line of military duty. Form No. 1977 and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

A petition in bankruptcy has been filed by David W. Vandever, merchant, with total assets being given as \$1585.07, with \$1250 claimed exempt, and total liabilities given as \$3513.36.

Sketch from actual photograph showing the distinguished psychologists trying the Realism Test in the Edison Shop, New York.

You too can try this fascinating REALISM TEST

We give it in our store. You can hear it exactly as did the noted psychologists who visited the Edison Shop on Fifth Avenue, New York.

You've been hearing about the astonishing realism of the New Edison.

Now you ask: "Is this realism so true that I feel the same emotions in listening to the New Edison as I feel in listening to the living singer?"

Our answer is—put the New Edison to the test!

Mr. Edison devised his unique Realism Test for this very purpose. Then he invited distinguished psychologists to try it out.

Each of the three men got sensations that were startlingly vivid.

"I could have sworn there was a living singer standing behind me," said Dr. W.

Ask about our Budget Plan. It shows you how to buy your New Edison through Thrift.

MUNCY BROS., FURNITURE, RUGS

Louisville has started a crusade against street loafers and it is the intention of the city officials there to rid the city of them, it is said. Richmond did this some time ago and Louisville is following suit.

REMEMBER - MOTHER THE SWEETEST NAME ON MORTAL'S TONGUE MOTHER'S DAY, SUNDAY, May 9th

Flower For Mother's Day

Just a word about Mother's Day next Sunday. The flower adopted for Mother's Day is the white carnation, which is the official flower established by the founder, Miss Jarvis, and generally accepted throughout the United States and elsewhere. If white carnations are not available then any other white flower, but not a colored one under any circumstances. I have this on authority of Miss Jarvis. First, a flower was sought that had not been adopted by any nation or organization as its national or official flower or emblem. Next, the white carnation is the only flower symbolizing the five cardinal virtues of motherhood and mother's love: white for purity, symmetry, fragrance, wide field of growth lasting quality. Another beautiful custom is to visit mother on Mother's Day and make it a love visit. If she is too far away, send her a telegram, or if a telegram would frighten her, write her a letter and make it a love letter. Tell her the things you feel now and wear a white carnation as a testimony to the world that mother love and love of mother are not dead. One Who Has A Mother.

CADEN and PIGG

Confectionary And Lutcheonette
"Service Will Tell"

Miss Emma Davison has accepted a position at the Citizens National Bank.

Mrs. Kate Scrivner has returned to Winchester after a two weeks visit to relatives here.

Mr. Virgil M. Gaines has returned from a week's stay on his farm in Spencer county.

Mr. H. M. Whittington was called to Marietta, Ohio, by his serious illness of his mother.

Mr. Dewey Ramsey and Mr. Monroe McKinney, of Irvine, were visitors here this week.

Mr. and Mrs. G. W. Goodloe will motor to Mt. Jackson Saturday for a two weeks stay.

Mr. Robert Jennings is quite ill at the Gibson Hospital having submitted to a serious operation.

Mr. W. S. King and Mr. B. K. Duncan, of Irvine, were here the first of the week on business.

Mr. Ed McCord is in Danville, Virginia, where he acted as best man in the Carter-McCord wedding.

Miss Laura Isabelle Bennett was the recent guest of her aunt, Mrs. E. S. Hibbun in Middlesboro.

Mr. and Mrs. B. B. Million have returned from Lexington where they spent the week of the races at the Phoenix.

Mrs. J. J. Williams, of Paris, arrived Thursday for a visit to her sisters, Mrs. Vernon Lear, and Mrs. J. J. Neale.

Dr. F. C. Button, of Lexington, is visiting his daughter, Mrs. Nicholas Harber and attending the meeting of the superintendents.

Miss Alma Lear is with friends in Winchester this week and will see the Derby in Louisville Saturday before returning home.

Numerous relatives and friends here will be sorry to know Mrs. Overton Chemault is quite ill at her home on Ashland avenue, Lexington.

Mrs. E. V. Elder, Mrs. L. R. Blanton, Mrs. John Melane, Mrs. Nelson Elder, Miss Edna Keller and Mr. J. W. Elder motored to Lexington for the races Wednesday.

Mrs. Susan Oldham, of Mt. Sterling, who has been the guest of her son W. D. Oldham and family on Limestone avenue, left Thursday for a visit to her grand son Mr. William Oldham in Ashland, Ohio.

The condition of Thomas Jewell of Winchester, who was so frightened burned in the explosion of dynamite last week, is still improved. The young man is a nephew of Mrs. Elmira Peirce of this city.

Miss Anne Jennings, who has been quite ill with typhoid fever in Bay View Sanatorium, Miami, Fla., has returned home but has suffered a slight relapse and is confined to bed at the home of Miss Melinda Jones. Her numerous friends hope for her speedy recovery.

"Dynamiting" idle out of your system with galomet and other sickening purgatives is all wrong. Salts, Oil and Cathartic Waters act by flooding the bowels with the digestive juices which are vital to the stomach. Cascarets are different. They act as a tonic to the bowel muscles, which is the only sensible way to relieve a bilious attack, a sour, acid stomach, or constipated bowels. There is no griping or inconvenience. You naturally return to regularity and cheerfulness. Cascarets cost very little and they work while you sleep.

Several friends both of the guests being former students of M. P. I. during the principality of Prof. C. P. Williamson. Many pleasant memories were recalled and the afternoon was most charmingly spent in this very hospitable home. A delicious ice cream was served and the guests included Mrs. Walter Bennett, Mrs. J. W. Caperton, Mrs. M. B. Armbuckle, Mrs. Sallie Yates McKee, Mrs. W. A. Langford, Mrs. Warfield Bennett, Mrs. Vernon Lear, Mrs. A. K. McCown, Mrs. J. W. Smith, Mrs. O. Olin Green, Mrs. Harry Blanton, Mrs. D. M. Phelps, Miss Lucia Burnam, Mrs. Cabell, Chenault, Miss Bessie Dudley, Miss Mae Phelps, Miss Mattie Tribble, Miss Marie Harber, Mr. and Mrs. J. J. Neale and guest Miss Florence Poland, Mr. and Mrs. J. S. Crutcher, Mr. and Mrs. T. D. Chenault, Jr., and Mrs. T. T. Covington.

Mr. T. B. Parks was a visitor in Lexington Wednesday.

Attorney C. C. Wallace has returned from a business trip to Irvine.

Mr. and Mrs. S. J. McGaughay spent Thursday in Lexington.

Mr. F. R. Cox, of Jessamine county, was here this week on business.

The Spring And Needs Purifying—Pepto-Mangan
Will Help

The blood is life itself, and when your blood gets out of order, nothing seems right! You are blue, discouraged and out-of-sorts. Food loses its taste and sleep doesn't seem to refresh you. You don't want to work and cannot have a good time.

Then you say to yourself, "What's the matter with me anyway?" Maybe you think of your blood, and maybe you don't.

Spring is here. And Spring more than any other season, is the time people suffer from blood disorders. Sometimes it is just "Spring Fever"—but conscientious, hard-working folks really suffer from Spring Fever.

They drive themselves, and worry and fret—but get little done. Neither body nor mind will function properly till the blood has purged itself of winter accumulation of poisons—till it ceases to be sluggish—till it has regained its color and strength.

Years ago people took sulphur and molasses in the Spring to help their blood. But nowadays, instead, they take Pepto-Mangan, a nice-tasting, agreeable and quickly effective blood tonic. Pepto-Mangan is approved by physicians everywhere. It has helped thousands of run-down listless people get back their old-time vigor and enthusiasm.

Everyone in your family should take a good blood purifier and builder this Spring. Get Pepto-Mangan today. Your druggist has it in both liquid and tablet form. Ask for Gude's Pepto-Mangan and see that the name "Gude's" is on the package.—Adv.

Messrs. A. H. Wilson and J. W. Hawkins, of Versailles made a business trip to Richmond this week.

"Warrior" Collins Boddy

Hurt in Fall Wednesday

Wartfield, Col., colored infant known as "Warrior," 48 years old, was severely but not seriously hurt Wednesday afternoon while at work on the L. & N. railway bridge one mile this side of Red House, when he lost his balance and fell a distance of 12 feet, badly bruising his shoulder and hip. A physician was summoned and the injured man was brought to the Pacific A. Clay infirmary here. An examination disclosing the nature of the injuries followed and Collins, it is said, will be able to be out within a short time.

Collins claimed that he "forgot" that he was working above the ground, and that the accident was due to his own carelessness. He stated that the very next time he went "up in the air" to work, he would remember that he was not down on terra firma, and would "look out."

If you need tobacco or corn fertilizer, phone me and I can make prompt shipment. C. M. Embry Phone 31-2 Waco, Ky.

THREE YEARS WITHOUT HOPE

A Story of Sickness and Suffering with Final Return to Health

It will do you good to read it

No matter how long nor how much you have suffered, do not give up hope. Do not decide there is no help for you. There is. Make up your mind to get well. You can. There is a remedy in which you may place full reliance as did Mrs. Rosalia Kania of 39 Silver Street, New Britain, Conn. This is what she says: "I had cramps for three years and thought I would never be any better. I could not eat without distress. Slept with my mouth open and could hardly breathe. No medicine helped me. I had catarrh of the stomach. Now I have no cramps and am feeling well and healthy. I wish every suffering person would take PE-RU-NA."

Catarrh affects the mucous membranes in any organ or part. PE-RU-NA, by regulating the digestion and aiding elimination, sends a rich, pure supply of blood and nourishment to the sick and inflamed membranes and health returns.

For coughs, colds, catarrh and catarrhal conditions generally, PE-RU-NA is recommended. If you are sick, do not wait and suffer. The sooner you begin using Dr. Harman's well-known PE-RU-NA the sooner you may expect to be well and strong and in full possession of your health. A bottle of PE-RU-NA is the finest emergency, ready-to-take remedy to have in the house. It is fourteen ounces of prevention and protection.

Sold everywhere in tablet or liquid form.

CAPT. ERNEST HILL FEELS LIKE NEW MAN

Popular Officer Was In Such Poor Health Before Taking Tanlac He Was Not Able To Report For Duty.

"I feel just like a new man since I began taking Tanlac and I am not willing, but I am anxious to tell other people what this medicine has done for me," said Captain Ernest H. Hill, Portland, Me., recently.

Captain Hill is in command of the Ben Hurr, plying between Portland and Casco Bay. He has been in service for ten years and is held in high regard as an officer and citizen by all who know him.

"I suffered from indigestion and stomach trouble for the past eight years," continued Captain Hill, "and I was in such a weakened condition I could hardly stand up. When I walked I would actually stagger like a drunken man and, at times, would have to hold on to something to keep from falling. After every meal I would simply suffer torment. My food would sour and I would swell up so with gas I could hardly get my breath.

I would also have awful smothering spells at night and sometimes I would have to get up to get my breath. Lots of times I would have to open the windows and doors to let in fresh air, or go out into the open air in order to get my breath. I could not find anything to do me any good and

CAPTAIN ERNEST HILL
Of Portland, Maine

along toward the last I became so weak and nervous I could not do my work.

"Five bottles of Tanlac have made a wonderful change in my condition. It helped me from the first dose and now I feel as good as I did when I was twenty years old. I sleep fine and have a fine appetite and just feel like a new man in every way. I am now able to be on deck every day ready for duty."

Tanlac is sold in Richmond by Stockton & Son.

FOREST HILL

Mr. and Mrs. Leslie Taylor visited relatives at Valley View Sunday.

Mr. and Mrs. Lynsday McCuddy and children and Lillian Wells, of Versailles, Miss. Kate Wells of Paint Lick, Mr. and Mrs. Boyd Wells and little son, and Mrs. Virgil Azbill, of Detroit, Michigan, visited Mrs. A. H. Wells and family Sunday.

Mrs. Elmer Cosby, who has been sick the past four weeks is slowly improving.

Mrs. Bettie Powell and family, Mr. and Mrs. R. G. Powell attended church at Red House Sunday.

Kanic, of Red House, is visiting relatives here.

Sam Million, of Newby, visited relatives here Wednesday.

T. B. Elkin is moving to his new home near Doylesville.

The death angel visited the home of Mr. and Mrs. Preston Witt, Thursday morning, April 29, and took from them their little 10 month old daughter, Anna Margaret. Her death came as a shock to the entire community. The sympathy of the community is extended to the bereaved parents. Burial took place Friday afternoon at 2 o'clock at Denny cemetery.

Possibly Practicing Winking. Elsie was told to tiptoe over to baby's crib and see if he was going to sleep. She did so and reported: "He is just turning his eyes off and on."

Messrs. Rodes S. Terrill and Oscar Stanifer attended the dance in Irvine Thursday evening and had an enjoyable time.

INVENTIVE GENIUS ROBS CALOMEL OF NAUSEA AND DANGER

Doctors' Favorite Medicine Now Purified and Refined from All Objectionable Effects. "Calotabs" the New Name.

What will human ingenuity do next? Smokeless powder, wireless telegraphy, horseless carriages, colorless iodine, tasteless quinine—now comes nauseous calomel. The new improvement called "Calotabs" is now on sale in drugstores.

For indigestion, constipation and indigestion the new calotab tablet is a marvelously effective medicine.

The fact that the manufacturers have realized all drugists to regard the product of the customer is not "perfectly delighted" with Calotabs. One tablet of Calotabs with a swallow of water—that's all. No taste, no nausea, no gulping, no water. By morning your liver is there still cleaned and fit, eating fine, with a healthy appetite. Eat when you like—no danger to your business.

Calotabs are not sold in bulk. Get an original package, sealed. Price, thirty-five cents. (21.)

How to Keep Baby Smiling and Well

See that the daily functions are regular and normal

You can't expect the little ones to be happy and playful when the head feels dull and the stomach bloated. The normal habit of children is to be happy and when you notice them cross and frown you will usually find something to be responsible.

Perhaps they have a cold that daily functions are suspended to comfort and health. Look at the tongue and if the breath is bad, watch for belching. Then are the tell-tale symptoms of constipation. To avoid this, give a bottle of Dr. Caldwell's Syrup Pepto, which you can buy at any drug store, and it will clear the intestine and the troublesome young stomach promptly, all gratis.

Dr. Caldwell's Syrup Pepto is a combination of simple remedies, herbs and extracts. Unlike the laisser passes it is not costly and without a syrup in it that the growings can use it freely. It can also be given to a tiny baby with perfect safety. Thousands of American families consider this

INDUSTRIES IN NEED OF WOMEN

Small and Agile Hands Are Specially Adapted to Certain Work.

MANY EMPLOYED SINCE WAR

They Now Make Watches, Electric Light Appliances and All Kinds of Garments—Many Married Women in the Industries.

Chicago.—"The forewoman has come to stay," says Mrs. Anna Lator Burke, special agent for trade and industrial education for girls and women, federal board, for vocational education. "The typical watchmaker of the United States is a nineteen-year-old girl. The number of married women in industry has increased 100 per cent since the war. Certain industries are limited in their expansion only by the number of women employees to be obtained."

In the course of her work Mrs. Burke meets all sorts and conditions of women. Following are some of her interesting observations of women in industry:

Hands Soited for Certain Work.

"Women's small and agile hands are especially adapted to the work of certain industries. Women are needed in garment and hat work, the hosiery industry and soapmaking. The expansion of the hosiery knitting and garment making industries is limited only by the number of women obtainable. Women make and assemble the delicate parts of sewing machines, office appliances, electric lamps, electric light equipment and appliances. In 1914 five-tenths of the employees of the Waltham watch factory were women. It is surprising to know that the typical watchmaker of the United States is a nineteen year old girl."

"Before the war there was only the foreman in all industries where women were employed. Since the war there are both the instructional forewoman and the production forewoman in all woman-employing industries. In the Petts Artificial Linen company, Hammond, Ind., women are admitted to the classes in foreman training along with the men."

Women in Many Lines.

"In the 1914 company women also do the set-up work. Certain machines have to be set up to run a job lot through. Formerly a 'set-up' man set up the machine and a woman operated it. The machine got out of order and she raised two fingers as a sign for the set-up man to come. Today women do this shop work."

In Indianapolis, Ind., a street car advertisement from a factory which needed women workers exhibited a picture of a bride, groom and preacher. Underneath were the words, "Many marriages are made in our plant. Come down and pick out your job." Then there was a long list of the social advantages according to the girl who would work in that factory. Needless to say, the factory did not expect the girl to quit work after her marriage.

"Married women in industry have increased 100 per cent since the war."

"At Grand Rapids, Mich., the furniture factories advise for housewives who will work at least two hours a day, suiting their own convenience as to when they will come."

Dog Ends Five-Year Vigil, Dying on Master's Grave

Faithful unto death. This is the tribute that can be paid to Jack, a homeless yellow dog, known as the graveyard dog, found dead on his master's grave near Hamburg, O., having perished in a recent blizzard.

For five years he had kept a lonely vigil over the grave of John Hindore, leaving it only long enough to obtain food in the neighborhood each day.

County ministers have preached sermons on the love, devotion and grief shown by this dog.

STAKE NEW DIAMOND CLAIMS

Adventurers Start Rush in the Pretoria District of South Africa Mines.

Johannesburg.—A rush of diamond seekers to stake claims is reported from Beyerspoort, in the Pretoria district, where rich deposits are said to have been located.

Two thousand men, including lawyers, civil servants, business men, land owners, artisans and clerks, took part and the whole ground was pegged out in a few minutes.

Some of the more corpulent employed professional runners to secure the claims previously selected, says a news agency dispatch received here.

So Shines a Good Deed.

Dayton, O.—A little matter of \$15,000 left him by a man he had befriended years ago did not distract Harry Levy, a tailor. He is still at his bench and will stay there. He says: "Fifteen thousand dollars is not as much as it was in the days when I knew my friend, but I have forgotten the good turn I did him which brought forth the money."

WANTED—To rent typewriter. Must be in first class condition. Call Foster-Milburn Co., Mfrs., Buffalo, N. Y.

THERE are a lot of things that play havoc with a Cord Tire. Sand Holes—tread separation—blow-outs—heat—cold—poor tire—incorrect cord formation—too much or too little cord—overload of the cords—reduce them to a minimum, and you have a Cord Tire of the place of real economy.

Exactly what we have accomplished with the manufacture of Gillette Cord Tires. The evaporation of the Chilled Rubber Process toughens rubber from the outside in, so that it becomes more pliable or unbreakable when it is exposed to heat or cold. Reduces the destructive effects of sand holes, blow-outs, and heat.

The high quality, yellow, smooth cord of Gillette Tires are reflected in the fact that they are the best tires for greater than three years service. Order now and get a free sample of the new Gillette Cord Tires.

At Gordon's Warehouse

Hudson for Five Years the Master in Motor and Style

No other fine car is so well regarded by so many people as the Hudson Super-Six. Proof is everywhere about you. Over 85,000 are now in service. For five years it has been the world's largest selling fine car.

Observe how it predominates in every assemblage of fine cars. Every body type is noted for handsome appearance and richly complete detail. All know how its style leadership is acknowledged.

But Hudson's chief appeal must always be in performance.

It holds the world's stock car records for speed, acceleration, hill climbing and endurance. The Super-Six motor, exclusive in Hudson, made these victories possible. It adds 72 per cent more to power and almost doubles efficiency. And, more important to you, it reduces destructive motor vibration almost to nil, thus assuring the reliability and endurance you want in your car.

Hudson production has always been below the demand. To get a Hudson at all this summer you must order now.

DEATHERAGE-REID MOTOR COMPANY,
Dealers For Madison And Garrard County.

Mr. Charles Ware Vaught, of Lexington, was with friends here Thursday.

DRESSEMAKER
DOING HER BIT

According to the verdict of the jury in the Madison county circuit court late Thursday afternoon, in the case of the state vs. Cornelius Ballard, colored, it will take him a little more than four years to pay for forging a check for the sum of \$9.50, which amount Cornelius is said to have obtained by means of the successful passage of a "cold" check, and which was spent in riotous living.

Cornelius was difficult to prosecute; not so difficult to prosecute as he was to "stay prosecuted." His opinion of legal knowledge resulted in the alleged discovery of "new evidence" soon after he had been tried in the October term of court last year, and this discovery just cost him one more year in state prison. Upon finding that the jury believed him guilty to the extent of three years in prison, Corne-

**KNOWLEDGE IS
VERY BAD, SOMETIMES**

lius got busy forthwith, decided to forget his bondsman and run away which he did. He was brought back however, and tried again Thursday with the "new" evidence not in evidence. The result was that the jurors, peculiar though it may seem, again deemed Cornelius guilty, and even more so than formerly, for instead of three years, they tacked on an extra 365 days, and Cornelius is now of the opinion that his knowledge of law is very, very limited. "Knowledge is a bad thing, sometimes," said Ballard.

GREAT GATHERING OF EDUCATION WORKERS

Will Be Federal And Inter-State Conference At Berea May 8 To 11—The Program

Educational circles all over the state and especially in central Kentucky are greatly interested in the Conference on Rural Education which will be held at Berea College, May 8 to 11. This conference is a federal and inter-state affair, with leaders in educational work of the nation on the program. Copies of the official program have just been received and will be read with much interest by all:

In co-operation with the State Department of Education, Frankfort and the authorities of Berea College, the United States Bureau of Education and more than the following persons for the Federal and Inter-State Conference on Rural Education to be held at Berea College, Berea, Kentucky, May 8 to 11, 1920:

Executive Secretary—J. L. McBrien, Director, Rural Extension, United States Bureau of Education, Washington, D. C.

Headquarters—Berea College Auditorium.

Hotels and Room Accommodations—Those wishing to make sure of hotel accommodations or rooms in the college dormitories or private families should write Dean Cloyd N. McAllister, Berea, and ask one to come in when they will arrive, how many in party, and how long they will stay.

Meeting Places—The general sessions of the conference will be held in the auditorium, Berea College.

The places of the section meetings will be announced at the opening session of the conference.

Program Committee—Dean Cloyd N. McAllister, Dean Katherine S. Bowersox, Doctor Charles D. Lewis, Professor Everett C. Dill, Mrs. Anna S. Scott, Miss Melinda McDonald, Mr. Asaph P. Strong and Miss Adelia Fox.

Reduced Railway Rates—Reduced railway rates will be granted by the railroads if 250 attend who pay railway fare as now seems probable. Obtain reduced fare certificate from your travel agent, and when you travel, looking to Berea one-third rate return will be granted you if the required number are in attendance.

Concerts—Music at the conference singing will be directed by Professor Nathaniel Bigby, Director of Music, Berea College, assisted by Miss Elizabeth Scott, Director of Women, East Paducah, Virginia. Special music will be furnished by the music department of Berea College and by local min-

isters.

Miss Margaret M. Streeter, Educational Department, Victor Talking Machine Company, Camden, N. J., will provide each session of the conference with her wonderful music on the Victrola.
